

ALL THINGS

ROUND

galaxies • eyeballs • & karma

SCHOOL

WORKSHOPS

The American Visionary Art Museum invites you and your students to tap into your intuition and imagination. Play with unconventional methods used by visionary artists, whose work is featured in our exhibit, and make your own extraordinary creations from ordinary materials.

To make arrangements for tours and workshops, contact Jackie Leo at groupvisits@AVAM.org or 410-244-1900 ext. 216.

MOSAIC FRAMES

Students will be inspired by Visionary Artists Loring Cornish and Patty Kuzbida, as well as the Community Mosaic Project on the exterior of our building and the Gallery-A-Go-Go Bus. Students will be challenged to think about different mosaic options and how objects can be recycled to make something new and useful. Students will mosaic their own wooden frame and if they have time create a drawing to go inside!

COSMIC CROWNS AND MAGICAL MEDALLIONS

Inspired by visionary artist Jas Johns and the celebration of all things round. Make a vibrantly spherical head dress out of our storehouse of visionary materials and a mandala-inspired medallion to match.

**This workshops requires the use of hot glue guns and irons. If chosen for young students, please have sufficient chaperones to help with gluing and ironing.*

HANDY INFO

Classrooms are available Tuesday thru Friday.

Workshop times can be arranged to coincide with your tour of the exhibit.

Cost for each workshop is \$2 per student in addition to regular admission price.

Workshops are free for Title 1 Schools.

Teachers and chaperones must accompany students during the workshop.
