The American Visionary Art Museum invites you and your students to join us for a virtual visionary experience. Tap into your creative energy, experiment with unconventional materials, and make extraordinary creations! Workshops are inspired by the artists featured in the permanent collection and the current exhibition *The Secret Life of Earth*, and give students an opportunity to explore their creativity in a new way.

**MR. IMAGINATION TO-GO**

*Inspired by Gregory Warmack*

A classic AVAM project to do at home! Each kit will include one paintbrush, Apoxie sculpt and up to 20 items for students to decorate with. Recommended for students in grades K-8. This is a messy project.

$5 per participant

**VISIONARY EARTH COLLAGE TO-GO**

*Inspired by William A. Hall*

A collage project inspired by our exhibition “The Secret Life of Earth.” Each kit will include a black and white image of William Hall’s work “Pinecurving,” shiny tape, and other items to collage. Students can use crayons or markers from home. Recommended for students in grades 4-8. This is a clean project.

$5 per participant

**BRING-YOUR-OWN-SUPPLIES FRUIT PAINTING**

*Inspired by Ruby C. Williams*

Parents provide the painting supplies, and we provide the fruit via Zoom! Students will learn about artist Ruby Williams and paint (or draw) their very own fruit painting from a still life. Recommended for all ages. This may be a messy project.

$2 per participant; No supplies provided

**MORE INFORMATION**

To arrange a virtual group workshop, contact Mavet Rosas at groupvisits@avam.org.

Workshops are available Monday through Friday for groups of 10-35 students. Each workshop lasts 45 minutes and will be facilitated via Zoom. If choosing a “To-Go” option, the group leader must make arrangements to pick up supplies at the museum, and distribute accordingly. For the “Bring Your Own Supplies” workshops, the group leader will be given a list of supplies for each student to use from home.
