Welcome to the American Visionary Art Museum! Explore all three buildings and be inspired by our visionary artists and their stories!

1. Find something shiny in the museum. What material do you think it is made out of?

_________________________________________________________________________

2. Find a piece of art that looks like it is telling a story and write the title and artist’s name below.

_________________________________________________________________________

a. Who are the characters in the story?

_________________________________________________________________________

b. Where does the story take place?

_________________________________________________________________________

c. What happens in the story?

_________________________________________________________________________

_________________________________________________________________________

_________________________________________________________________________

3. Find a piece of art that makes you feel happy and write the title and artist’s name below.

_________________________________________________________________________

a. What do you like most about it?

_________________________________________________________________________
4. Find something that moves in the museum. Act out the movements that the sculpture is making.

5. Find a piece of art that looks like it could fly and sketch it in the box below.

What makes you think it could fly?

6. Find artwork made from the following materials and list the title and artist next to each material.

Broken Glass

Bottle Caps

Yarn

Wood
